**Notice regarding purchase of fixed assets for facility
that opens a new door to Moomin world**

Tokyo, June 30, 2015—FinTech Global Incorporated (hereafter, “FGI” or “the Company”) hereby provides information on a decision by the Board of Directors at its meeting on this date to acquire the fixed assets as follows.

Particulars

1. Purchase of fixed assets

(1) Reason for purchase

In November 2013, FGI and Finland’s Puuha International Oy (hereafter, “Puuha”) each contributed 50% toward the establishment of Moomin Monogatari, Ltd., a joint venture tasked with establishing and operating a theme park in Japan (Moomin Theme Park Business) featuring the Moomin characters beloved both in Finland and Japan. Moomin Monogatari signed an exclusive licensing agreement on November 20, 2013 with Sweden’s Bulls Presstjänst AB, the exclusive global agent for copyright-holder Oy Moomin Characters Ltd., that allows domestic use of the characters for the theme park. Later, FGI raised its equity stake to 75% through additional investment in Moomin Monogatari, and turned the company into a consolidated subsidiary, effective from the second quarter of the fiscal year ending September 30, 2015.

The FGI Group has been working on various preparations toward the establishment of the

theme park. The place where the facility will be built is on the shores of Lake Miyazawa in the city of Hanno, Saitama Prefecture—an area blessed with beautiful scenery. Fueled by enthusiastic support from the local government from early on, FGI was able to approach Seibu Railway Co., Ltd., which holds considerable property in the area, ultimately winning approval for the project.

From FGI’s perspective, the site is ideal for the project since it is located on the outskirts of metropolitan Tokyo while perfectly representing the world of Moominvalley, a place of great natural beauty that is home to the Moomins, and emphasizing the concept of coexisting with nature, which is an enduring theme in the Moomin stories. With this in mind, the decision was made to purchase land and buildings from Seibu Railway. Adjacent land may be purchased separately or leased.

The project that will unfold at this site is more than just an urban-style theme park and will include attractions that enable visitors to experience the Moomin world over a spacious area with Lake Miyazawa in the center.

(2) Outline of assets to be purchased

Land and buildings

- | | |
|-------------------|--|
| 1. Address | Lake Miyazawa, in Hanno, Saitama Prefecture, and other areas |
| 2. Land area | About 187,000m ² |
| 3. Building space | 304.70m ² |
| 4. Purchase cost | ¥0.6 billion |

(3) Summary of company holding assets to be purchased

Name	Seibu Railway Co., Ltd.	
Address	16-15, Minami-Ikebukuro 1-chome, Toshima-ku, Tokyo	
Representative Director	Representative Director, President and Executive Officer Hisashi Wakabayashi

(4) Schedule

- | | | |
|----|---|--------------------|
| 1. | FGI Board of Directors' resolution | June 30, 2015 |
| 2. | Date of sales contract signing and down payment | June 30, 2015 |
| 3. | Partial payment on sale and transfer of some buildings | By August 31, 2015 |
| 4. | Payment of remaining amount and transfer of the rest of the buildings | By May 31, 2016 |

2. Outlook

With the purchase of the aforementioned fixed assets, the project to build a theme park that enables visitors to experience the Moomin world moves full-speed ahead. The purchase of said fixed assets is likely to have only a slight impact on consolidated performance. The Moomin theme park should be completed around 2017, and FGI anticipates an impact on consolidated performance once the facility is operational. The business plan for the theme park will require further discussion, so any impact on consolidated performance from a medium- to long-term perspective will be disclosed as appropriate.
