Proposal No.3: Authorization for the Board of Directors to finalize subscription matters for share warrants to be issued as stock options to the Company's employees and its subsidiaries' Directors and employees

The Company proposes to authorize the Board of Directors to finalize subscription matters of share warrants to be issued as stock options to the Company's employees (including contract employees and fixed-term employees) and its subsidiaries' directors and employees (including contract employees) in accordance with the provisions of Article 236, Article 238 and Article 239 of the Companies Act.

Share warrants are subject to the provisions applicable to the acquisition of share warrants, under which the Company may acquire share warrants free of charge in the case where the consolidated financial statements including the consolidated statements of income (limited to those in relation to the 30th business term of the Company), in which the Company posted a loss attributable to the owners of the parent company, are approved at the Company's Board of Directors' meeting.

1. Reason for the need to offer stock options to those who subscribe to them under highly preferential terms and conditions

The Company intends to offer subscription to stock options (share warrants) to its employees (including contract employees and fixed-term employees) and directors and employees (including contract employees) of its subsidiaries without contribution for the purpose of ensuring and maintaining motivation and morale for better performance and heightening company value.

In principle, stock options shall be offered for the benefit of some employees (including contract employees and fixed-term employees) who are in service with the Company and directors and employees (including contract employees) who are in service with its subsidiaries as of September 30, 2023, and at the time of the issuance. The Company will issue the same kind of stock option (share warrant) every year.

- 2. Particulars and maximum numbers of share warrants, the offering of which shall be finalized subject to the approval at the Meeting
 - (1) Maximum number of share warrants, the subscription of which shall be finalized in accordance with the authorization at the Meeting

The maximum number of share warrants shall be 3,395 lots, in accordance with the particulars set forth in (3) below.

The number of shares to be granted upon exercise of share warrants shall be the 339,500 ordinary shares of the Company at the maximum and in the event of adjustment in the number of shares granted as defined in (3) (a) below, the maximum number of shares shall be the total number of the post-adjustment shares granted multiplied by the maximum number of share warrants stated above.

- (2) Share warrants, the subscription of which shall be finalized subject to authorization, shall require no payment.
- (3) Particulars of share warrants, the subscription of which shall be finalized subject to the authorization
 - (a) Type and number of shares to be granted upon exercise of share warrant

The type of shares to be granted upon exercise of share warrants shall be the ordinary shares of the Company, and the number of shares of the same (hereinafter referred to as the "number of shares granted") shall be one hundred (100).

However, in the event of share split-up (including allotment of ordinary shares of the Company without contribution, and the same shall also be applicable to the share split-up) or share split-down of ordinary shares of the Company to be exercised after the allotment date of share warrants (hereinafter referred to as the "date of allotment"), the number of shares granted shall be adjusted in accordance with the following formula.

Post-adjustment number of shares granted = Pre-adjustment number of shares granted × Percentage of share split-down

Besides the event above, if an adjustment in the number of shares granted is required after the date of allotment, the Company shall have the right to do so within a reasonable period of time.

Any odd lot falling short of constituting one (1) share upon adjustment above shall be rounded off.

(b) Value of the assets to be contributed at the exercise of share warrants

The value of assets to be contributed at the exercise of each share warrant shall be the price per share to be granted upon exercise of each share warrant (hereinafter referred to as the "exercise value") multiplied by the number of shares granted.

The exercise value shall be calculated by multiplying 1.05 by the average value of the closing price of ordinary shares of the Company on the Tokyo Stock Exchange (hereinafter referred to as the "closing price") on each business day in the preceding month to the month of allotment (excluding a day on which no trade is executed) to be rounded up to the nearest Japanese yen (¥1), or the closing price on the business day immediately prior to the date of allotment, whichever is higher (if there is no closing price available on the aforesaid business day, the closing price on the immediately preceding trading day shall be adopted). The exercise value shall be subject to the adjustment as follows:

i. In the event of a share split-up or share split-down of ordinary shares of the Company to be exercised after the date of allotment, the exercise value shall be adjusted in accordance with the following formula and any odd number falling short of constituting one Japanese yen (¥1) upon adjustment shall be rounded up.

ii.
